Scrap surcharge PTG

Dear Sir or Madam,

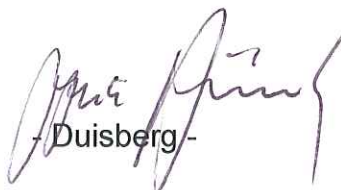

Following the decision of several European section producers to stop publishing scrap surcharges, PTG has decided to suspend as well the publication of its scrap surcharge until further notice.

- Our contracts and offers are based on the price list from 1st February 2010.
- For existing contracts the scrap surcharge for May 2010 amounting to 243,- €/t remains valid as well as separate scrap cost related price agreements.
- For future contracts we reserve the right to reintroduce scrap cost related price agreements at any time.

Sincerely yours

- Schommer -
